

NICHOLSONS

WE ARE RECRUITING SENIOR/PRINCIPAL ARBORICULTURAL CONSULTANT

The Nicholsons Arboriculture team is seeking a talented Senior or Principal Consultant to take a lead in the development of Nicholsons arboricultural services and business. This will include integration with a wider team, working closely with the directors and other practitioners who are currently discharging instructions on landscaping, green infrastructure, ecology and forestry.

*40 hrs per week, Monday to Friday | Salary £35,000 - £50,000 dependent on experience
Based in North Aston, Oxfordshire OR Corby, Northamptonshire | www.nicholsonsgb.com*

Key responsibilities include:

- Discharging professional instructions and managing additional resources where needed such as sub consultants and support staff.
- Assisting and giving advice on a wide-range of tree related tasks, providing high levels of service to our existing and new clients and current key instructions.
- Addressing issues with regards to trees on development sites through BS:5837, tree assessments, design guidance, planning support and implementation works, retain tree protection and mitigation schemes etc.
- Engage with the board and senior management team in respect of business strategy, marketing and innovations for new work streams.
- Tree risk management: Preparing management strategies, policies, tree surveys, recommendations for remedial works.
- Trees and the law: Advising on TPOs & Conservation Areas, boundary trees and dispute resolution

Successful candidates will:

- Hold a degree in arboriculture or closely related discipline with a good theoretical and practical arboricultural background.
- Have 5 years' experience as a consultant including experience with client facing involvement.
- Have excellent report writing ability and written/oral communication.
- Be numerate and able to use a range of software packages.
- Have a high level of attention to detail.
- Have proven project and client management skills.
- Have the ability to work under pressure, prioritise and work to multiple deadlines.
- Be able to work as part of a team and have a passion for our planet.
- Hold a full UK driving licence.
- Ideally, have a working knowledge of AutoCAD/GIS mapping software
